8 hour course over  
two Saturdays  
April, 17th & 24th

Location:  
**Self Help, Inc.**  
142 Crescent Street  
Brockton

To register, please fax this form to Self-Help Inc. (508) 584-7245

## Why are lead safe work practices important?

- Lead is a dangerous metal that when inhaled or ingested can harm the health of the occupants, workers, and their families.
- Most houses built before 1978 contain lead paint, and renovations are a significant cause of lead poisoning.

Presented by Lead Action Brockton

with funding from the Mass. Office of the Attorney General
